Electronic Data Processing Insurance

Property & inland marine - coverage overview, limitations and how to get a quote

OVERVIEW

EDP coverage protects computers, servers and the cost to restore data from more causes than a standard property form, and carriers look at backups and power protection.

WHAT'S COVERED

Hardware
Computers, servers and network equipment.

Data and media
Cost to restore or recreate lost data.

Power surge
Damage from electrical surges and brownouts.

Mechanical breakdown
Failure of equipment from internal causes.

Extra expense
Costs to keep operating while systems are down.

Good to know
Off-site or cloud backups and UPS power protection usually lower the rate and the extra expense exposure.
