Mold Remediation Insurance

Specialty trades & services - coverage overview, limitations and how to get a quote

OVERVIEW

Mold remediation is excluded from most general liability policies, so carriers look for a pollution policy, certified technicians and independent clearance testing.

WHAT'S COVERED

General liability
Bodily injury and property damage to others from your work.

Professional liability
Errors in mold assessment or remediation protocols.

Equipment
Air scrubbers, negative air machines and dehumidifiers.

Contractors pollution
Mold spread and bodily injury claims from remediation.

Workers compensation
Medical bills and lost wages when a crew member is hurt.

Good to know
Using an independent industrial hygienist for post-remediation clearance testing, not your own staff, is a big plus with underwriters.
