Well Drilling Insurance

Specialty trades & services - coverage overview, limitations and how to get a quote

OVERVIEW

Well drillers deal with heavy rigs, underground utilities and groundwater contamination claims, so carriers ask about the depth you drill, the rigs you run and any environmental or geothermal work.

WHAT'S COVERED

General liability
Bodily injury and property damage to others from your work.

Drill rigs and equipment
Rigs, compressors and support trucks.

Completed operations
Wells and pumps that fail after you finish.

Contractors pollution
Contamination of aquifers or property from drilling.

Workers compensation
Medical bills and lost wages when a crew member is hurt.

Good to know
Water-well-only drillers find many more markets than those doing environmental monitoring, oil and gas or geothermal loops.

Important information: This brochure is a general summary provided for informational purposes only. It is not an insurance policy, contract, binder or offer of coverage. Actual coverages, limits, deductibles, exclusions and conditions are set solely by the policy issued by the insurance company and may differ from the descriptions in this brochure; if there is any difference, the policy language governs. All coverage is subject to underwriting approval. Coverage is not in force and is not bound until you receive a written confirmation of coverage (binder or confirmation receipt) from Societies Insurance or the issuing insurance company. Requesting a quote or submitting an application does not bind coverage. Products, coverages and discounts vary by insurer and are not available in all states. Societies Insurance is an independent insurance agency, Agency NPN 16247324 (in California: DBA Cavlogix Insurance Agency).
